LEADERSHIP VISION

His Highness Sheikh Dr. Sheikh Sultan bin Muhammad Al-Qasimi

His Highness Sheikh Dr. Sultan bin Muhammad Al Qasimi, Member of the Supreme Council of the United Arab Emirates, Ruler of Sharjah, has been laying the foundations of education and innovation in Sharjah for over 50 years.

His Highness launched The Sharjah Research, Technology and Innovation Park in 2016 to promote research and development, industry tie-ups, and innovative enterprises. The Park's strategy was developed after the American University of Sharjah Board of Trustees engaged Fraunhofer IPK to align existing capabilities with potential opportunities in the region.

Regional Innovation Hub

-> Government **Technology** Park

-> Free Zone Authority

SHARJAH
UNIVERSITY CITY

47,000 Students

22 Universities, Colleges &
Education Institutes

2,000 PHD's

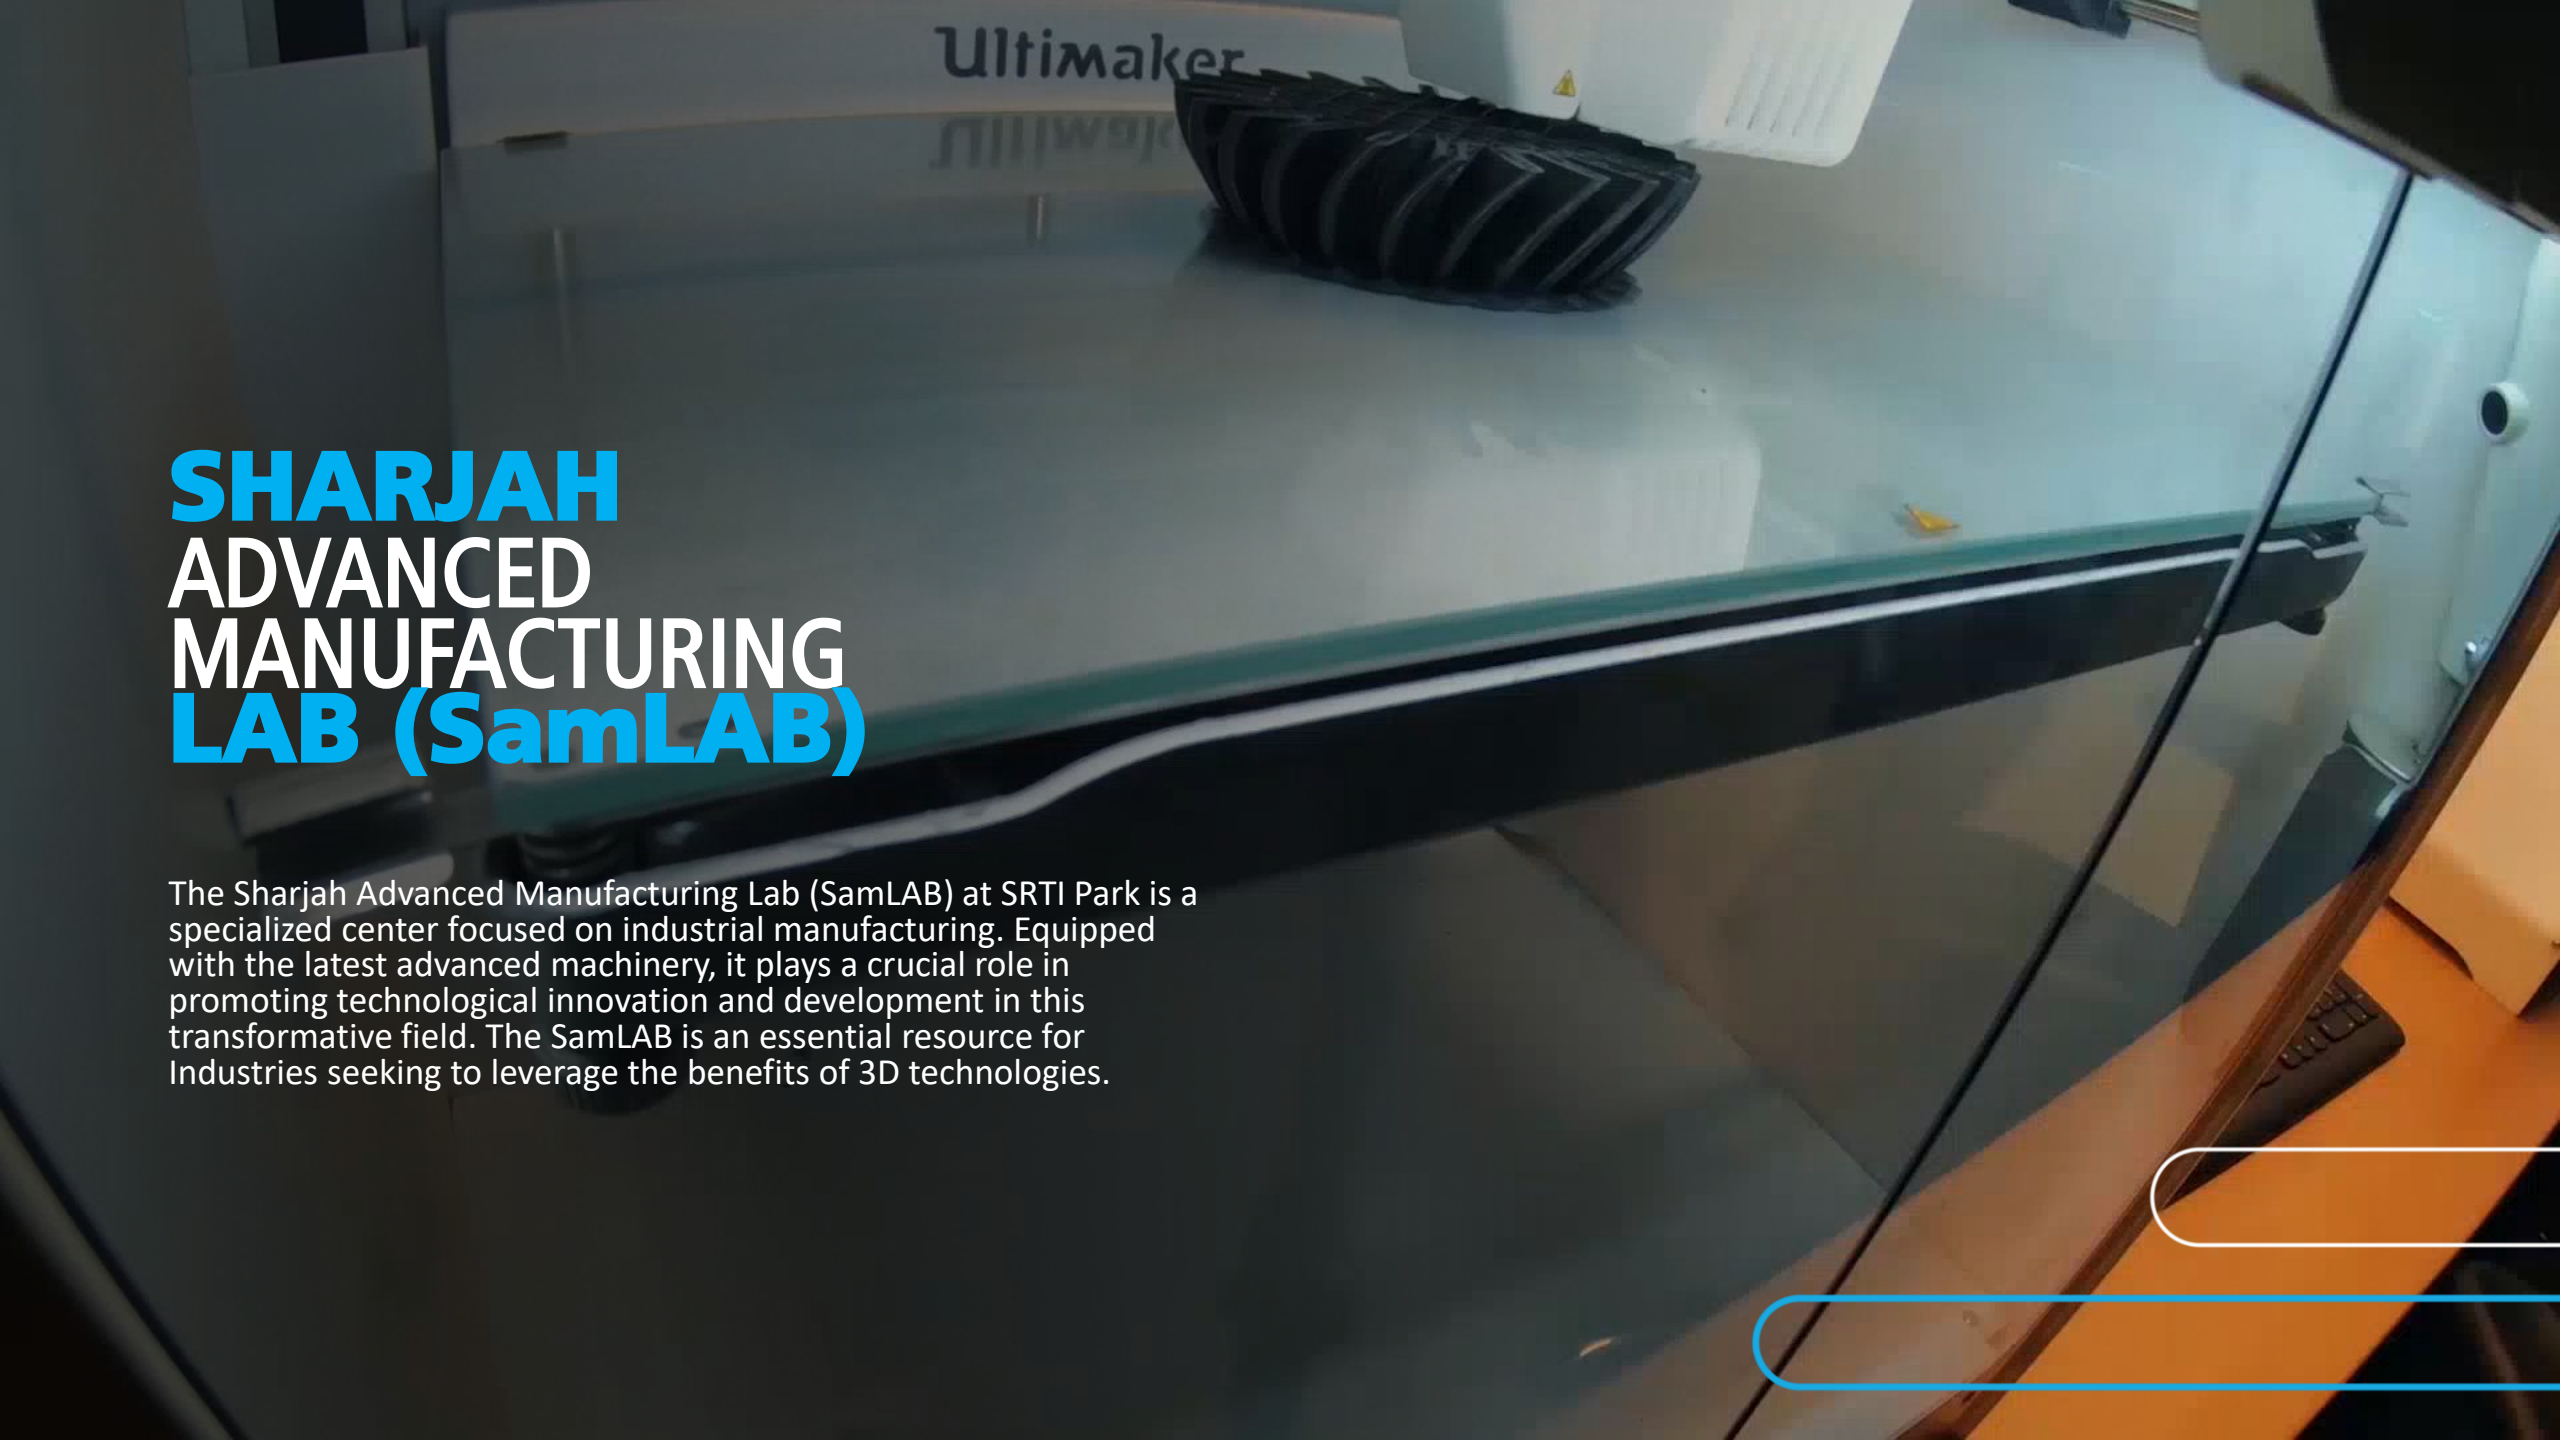

SoiLAB

مختبر الشارقة المفتوح للابتكار
Sharjah Open Innovation Lab

The **Sharjah Open Innovation Lab (SoiLab)**, based at **SRTI Park**, is an advanced makerspace fostering creativity and innovation. With sections dedicated to laser cutting, 3D printing, electronics, textiles, and woodworking, it empowers individuals and groups to turn their ideas into reality. Open to the public, startups, and students, SoiLab's skilled technicians provide guidance to ensure effective use of equipment, promoting a culture of learning and experimentation.

SHARJAH ADVANCED MANUFACTURING LAB (SamLAB)

The Sharjah Advanced Manufacturing Lab (SamLAB) at SRTI Park is a specialized center focused on industrial manufacturing. Equipped with the latest advanced machinery, it plays a crucial role in promoting technological innovation and development in this transformative field. The SamLAB is an essential resource for Industries seeking to leverage the benefits of 3D technologies.

SRTI PARK FOCUS AREAS

As we're approaching a new year, we need to set new ambitious goals and objectives to upscale our Social Media performance. This strategy is a blueprint for our upcoming social media activities during 2023. In addition, this plan illustrates the methodologies & logic behind every step we take and how to achieve the year's objectives.

**Sustainability
& Environmental Technology**

Advanced Manufacturing

Healthcare & Biotech

Digitalization (AI, IoT, Drones)

Production, Design, Architecture

Precision Agriculture

SRTI PARK EVENTS

100,000 visited SRTIP in
2023

SRTI Park is a hub of vibrant activity, consistently hosting a variety of events to foster innovation and community engagement. Our calendar is packed with workshops, hackathons, and activities that encourage learning and collaboration. We also welcome delegation visits, facilitating knowledge exchange and partnerships. In all, our events embody our commitment to fostering a thriving, innovative ecosystem.

WOMEN IN TECHNOLOGY

MENA FORUM

This forum is the first event of its kind in the region. Its importance comes through focusing on women's leadership in scientific research and technological innovation. The forum plays a significant role in various areas of life and contributes to the leadership of society, embracing the number of global issues that highlight the role of women and their accomplishments.
